Leonov

Chapter 1

First spacewalk, Alexey Leonov, March 18th, 1965

Russia has considerable history and experience in space.

The first satellite in space. Sputnik 1, 1957. The first probe to take photographs of the far side of the moon. Luna 3, 1959. The first man in space. Yuri Gagarin, 1961. The first space walk. Alexey Leonov, 1965. The first probe to soft land on the moon and transmit pictures from the lunar surface. Luna 9, 1966. The first space station. Salyut 1, 1971.

The First Spacewalk

My designs open up Space once again. People can have no idea how easy this is for me.
