The Hunt for Red October Chapter 1

*Governments need to take what I have to say seriously,
so I'll give something now to help establish credibility*

In December 2014 a propeller blade was thrown on a Russian submarine just off the west coast of Estonia. I'm the guy who knows how that propeller blade was thrown.

If you want to know the story behind that submarine and what it was doing there, don't talk to the Pentagon or the NSA. They might think they know, but only to a point. If you want the real story behind that sub, talk to me.
