The Return of the King Chapter 1

Maximus was rightful ruler

Gladiator – Richard Harris

*“I will empower you to one end alone.
To give power back to the people,
and end the corruption.”*

Citizen Smith

*Commodus was never made Emperor.
He stole that title from Maximus and locked down
Maximus to secure his usurped position.*

I wasn't happy about rigging Trump's election. Donald Trump is not a moral man and he must not lead, but it was necessary for me to rig the elections to avoid an even greater hit to humanity.

Whatever it takes, even if it means ignoring the Borg threat, losing Golden Age, triggering the collapse of society and allowing COVID-19 to ravage humanity, Donald Trump – Commodus – will do *whatever it takes* to keep me locked down to try to protect his usurped position.

He will do whatever it takes to ensure that I do not come to the throne of Gondor.
