We Don't Need You

Chapter 1

*They said they didn't need Golden Age.
They didn't need my help.*

When governments try to steal my research, that's the message. "*We don't need your help.*"

"*We don't need your Golden Age.*" When they try to take me out, that's the message.

"*We don't need you.*"

Yeah, I got their message. But you know what: they need me more than they know.
